Dear Honorable Judge McLaughlin

you sentenced me on 9/23/05

to 8 months in prison. Which I'm

~~nowing~~ ~~now~~ now at The Federal

Detention it in Philadelphia. I have

no right to ask this but I was looking

at law books about my sentence and going

~~to ask if you would please reconsider~~

and give me a split sentence. I already

completed 4 months. & I did leave from

my mistake and will never come

back if given a chance. I will do

what I have to. Some reflections

and seeing my P.O. Officer. Another

reason is my 17 year old son is

and working. Also, he is going into the service the end of June. So we can only have 7 maybe 8 days together before he leaves. Please find it in your heart to give me a split sentence. So I can be there full time. He is the most important person in my life. The only one I have left since all this. He's been beside me the whole time and I love him with all my heart. I wouldn't be able to deal with it if something happen & I only spent 7 or 8 days before he left. I would like to come home & spend the time with him before he goes and let him know I

thing he has done for us. He has
 met me so much in 4 months. As
 you know I did cooperate with the government
 and accepted my responsibility. Well
 incarcerated I started to attend AA/NA
 for my problem. I also enrolled in
 the first program which was a
 self-improvement program. I don't
 know what starts ~~me~~ except P.E.S.
 considered. Thanks for letting
 me take up some of your time. Have
 a great day!

Sincerely,
